

## **2021 Proposed Changes to APCE Bylaws:**

- Adds statement allowing for Corporation meetings to occur by any means that will allow all voting members to see and hear one another
- Under Statement of Purpose: revised to clarify this is an organization for church professionals and volunteers
- Uses correct membership year – Sept 1 – Aug 31
- The references to multicultural connectors or representatives have been removed upon the recommendation of the Diversity Task Force. APCE will utilize more intentional ways to include all voices in all areas of APCE, multicultural and otherwise
- Instead of listing four membership categories with specific responsibilities/privileges within each category, this section lists the four membership categories and identifies responsibilities/privileges once since they are the same across all categories
- Identifies the Organizational Administrator as a member of the Coordinating Council
- Adds the Membership Team to the list of ministry teams, pending approval of the addition of this ministry team at the 2021 Corporation Meeting
- Moves Wisconsin to North Central Region, from Great Lakes Region, as was approved earlier
